

Caedmon Primary School Accessibility Plan

Purpose of the Plan

The purpose of this plan is to show how Caedmon Primary School intends, over time, to increase the accessibility of our school for disabled pupils.

Definition of Disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect of his or her ability to carry out normal day to day activities.

Legal Background

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”.

According to the Equality Act 2010 a person has a disability if:

- (A) He or she has a physical or mental impairment, and
- (B) The impairment has a substantial and long-term adverse effect of his or her ability to carry out normal day-to-day activities.

Contextual Information

The majority of the school building and playground is accessible for a child in a wheelchair, thanks to the DDA work completed in January 2011. The school building has a lift, as an alternative to steps, which is specifically designed for wheel chair use.

The current Range of Disabilities within Caedmon Primary School

The school has children with a limited range of disabilities which include Autistic Spectrum Disorder, Fetal alcohol syndrome, auditory processing, epilepsy, developmental delays, motor skills, ADD, ADHD. When children enter the school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

We have a few children who have asthma and all staff are aware of these children. Inhalers are kept in classrooms and a record of use is noted.

Some children have allergies or food intolerance/cultural food choices and these are recorded and kept in pupil's files and in the kitchen.

All medical information is collated and kept in the classrooms.

We have 10 competent First Aiders who hold current First Aid certificates.

All medication is kept in the staff only fridge in the staffroom. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded.

Targets	Strategies	Outcome	Timeframe	Achieved
Equality and Inclusion				
To ensure that the accessibility plan becomes an annual item at the FGB meetings	Clerk to governors to add to list for FGB meetings	Adherence to Legislation.	Annually

Approved _____

Date _____

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The priorities for the Accessibility Plan for our school were identified by:

- **The Governing Body**
- **Head Teacher**
- **Inclusion Leader**
- **School Business Manager**
- **Site Manager**
