If you have any questions or ideas about school, please speak to us.

Dining Hall

We are going to be helping to redesign the dinner hall. We are keeping it black and white but with a modern theme. We are going to be thinking of modern decorations like plants and paintings and will run a competition for artwork in the classes. If you have any ideas please contact your school council members.

Careers

We are really keen to learn about different jobs and careers, We ordered some books that we are interested in about ordinary people who had incredible careers. We want to learn about careers like midwifery and tech jobs. We want to put on a careers fair so we know what jobs are out there.

Calm Boxes

We decided that children at our school could be helped with staying calm when they feel stressed. We are making calm boxes. Here are the things we want to see in them

- stress balls
- poppits
- infinity cubes
- playdough
- mindful colouring
- positive affirmations

Edinburgh Trip

This year is unique as we are going to Edinburgh instead of London. We are really excited. More info to follow...
